

MIGRATE

1st International Summer School

Strasbourg – France
June 27 – 28, 2016

Heat & Mass Transfer in Gas Micro-flows

Microfabrication Techniques

Gas Flow Modeling in MEMS

Experimental Techniques for Rarefied Flows

Program, Information and Registration

www.migrate2015.eu

MIGRATE is a Marie Skłodowska-Curie European Training Network dedicated to heat and mass transfer in gas-based micro-scale processes and supported by European Community H2020 Program under the Grant Agreement No. 643095
